

Team Reflection

Xianjing Huang

Collaborating with Jamie, and Yijia on our Data Engineering Final Project has been an enriching experience that goes beyond the technical scope of the work. It showed me how a group of individuals with different skills and backgrounds can come together to create something truly meaningful. The process taught me the importance of adaptability, active listening, and shared accountability. More importantly, it highlighted how teamwork isn't just about achieving goals but also about learning from one another and growing together as individuals.

Jamie Liu

(+) Jamie has an exceptional ability to plan and organize tasks efficiently, often taking the initiative to bring everyone together for productive discussions. Her leadership in this regard has been invaluable to the team.

(+) Her technical expertise is truly impressive. Jamie introduced tools and methods I had never used before, expanding my own skill set and giving me the opportunity to learn so much from her.

(+) On top of her professional strengths, Jamie has a warm and approachable personality that makes her a joy to work with. Collaborating with her has been both rewarding and enjoyable.

(-) However, I couldn't help but notice how hard she worked during the project, often at the expense of her own rest. I hope she can find more time to take care of herself and get adequate sleep. I genuinely look forward to working with Jamie again in the future!

Yijia Zhao

(+) Yijia approaches her work with incredible dedication and enthusiasm, creating a positive energy that motivates and inspires everyone around her. Her passion is truly contagious.

(+) She has such a kind and wonderful personality, making it a pleasure to collaborate with her on any task. Her friendliness creates a comfortable and supportive team environment.

(+) Yijia is also highly driven and curious, always eager to explore new technologies and learn innovative methods. Her commitment to growth and learning is both admirable and inspiring.

(-) One thing I wish for is to have had more opportunities to communicate with this amazing and talented individual. I hope we can strengthen our collaboration even further!
